

Group Environmental Policy Canon Medical Systems Europe

Canon Medical Systems Europe operates under guidelines (including environmental) set out in Corporate Standards of Conduct (CSC) issued by Canon Medical Systems Corporation in Japan. In keeping with the CSC our aim is to implement and maintain an Environmental Management System (EMS) that meets:

1. Our business needs
2. The requirements of ISO14001
3. Climate change requirements of our interested parties

The Canon Medical Systems group of companies will meet all its compliance obligations this will include, preventing pollution, meeting all current EU/ UK/Swiss and local legislation in each country, related to its business operations and ensuring it meets future legislation when required.

The company will also, on a continual improvement basis, reduce its impact on the environment by increasing our environmental performance, by setting measurable environmental improvement objectives aimed at protecting the environment by:

1. Reduction of Carbon footprint
2. Recycling of waste where possible
3. Promoting the Circular Economy
4. Promoting sustainability in line with our sustainability commitments

All Staff will be made aware of our:

1. Corporate Environmental Values
2. Group Environmental Policy
3. The company's EMS and their responsibilities within it.
